

CLIENTS' RIGHTS ADVOCACY SERVICES

**Annual Report
July 2018 – June 2019**

State Council on Developmental Disabilities

STATE DEVELOPMENTAL CENTER CLIENTS' RIGHTS ADVOCACY SERVICES ANNUAL REPORT

July 1, 2018 to June 30, 2019

I. Introduction

This report is respectfully submitted in accordance with the interagency agreement between the Department of Developmental Services and the State Council on Developmental Disabilities for the provision clients' rights advocacy services at Sonoma Developmental Center, Porterville Developmental Center, Fairview Developmental Center, and Canyon Springs Community Facility.

The unique characteristic of each center and facility is reflected in the information, observations and recommendations submitted by each office.

Developmental Centers/Community Facility	Canyon Springs	Fairview	Porterville	Sonoma	Total
<i># of Services Provided (Appendix A)</i>	48	115	336	43	542
<i>Denial of Rights (Appendix B)</i>	14	9	46	0	69
<i># of Requests for Release Forwarded to Superior Court (Appendix C)</i>	3	3	21	0	27
<i>Grievances</i>	0	0	0	0	0
<i>WIC 4731 Complaints Filed</i>	0	0	0	0	0
<i>Complaints (Non-WIC 4731)</i>	23	4	6	2	35

<i>Incident Reports</i>	0	1	14	0	15
<i>Mandatory Abuse Reports</i>	0	0	0	0	0
<i>DC Staff Provider Trainings</i>	42	54	14	3	113
<i>Self-Advocacy Training</i>	14	3	21	10	48
<i>Meetings with DC Staff</i>	72	23	50+	10	153+

OVERVIEW OF SERVICES PROVIDED

Canyon Springs Community Facility

The Department of Developmental Services requested and Canyon Springs was approved for the Desert Star Crisis Program, a ten bed crisis unit housed within the Canyon Springs facility. Desert Star admitted their first Desert Star Client in December of 2018. Canyon Springs will celebrate its 19th anniversary in upcoming December 2019. The population at the time of this report is forty-seven. The CRA provides advocacy services to those individuals at Canyon Springs and those clients now admitted into Desert Star. The CRA meets with each new arrival and provides information on how to reach the CRA by using the public telephone (*81) and explains their rights including giving a copy those rights to each client. Here is a list of some of the activities that the CRA is currently involved in:

- Participates in Client Council Meetings that are held monthly or as needed
- Provides self-advocacy training to individuals and in small group settings
- Attends daily management meetings to discuss incident reports and other issues involving clients and provide advocacy input
- Facilitates Client Advocacy Group held monthly
- Attends weekly/monthly Desert Star meetings
- Visits all work sites on and off campus where clients are currently working
- Assist clients to initiate informal and formal hearings
- Investigate all suspected rights violations and discuss with the clients their rights and due process
- Provides clients' rights training to new employees, volunteers, families, conservators, and students from surrounding universities and colleges

- Meets quarterly (or as needed) with management team to discuss policies and procedures, clients' concerns and rights protections
- Review denial of rights reports with clients including restoration criteria and complaint process
- Provides consultation regarding rights issues and complaint processes to client families and conservators
- Advocates for clients during weekly in Emerging Risk Notification Evaluation Meetings (ERNE)
- Facilitates/coordinates meetings/phone calls between County Adult Protective Services, Long Term Ombudsman Services, Department of Public Health Licensing and Certification Services, and Disability Rights of California
- Reviews all highly restrictive plans
- Reviews new policies, regulations, and legislation impacting Canyon Springs
- Provides coverage and training for SCDD Volunteer Advocacy Coordinator and Volunteers
- Sits as a member of the Canyon Springs Restrictive Intervention Review Committee (RIRC) and Human Rights Committee (HRC)
- Meets with clients to discuss community/living options and when requested files a Request for Release (Writ of Habeas Corpus)
- Facilitates voting registration presentations with Riverside County Registrar of Voters
- Facilitates with local public transportation services – Sun Line Transit, for clients to gain knowledge and experience riding on public transportation
- Facilitated meetings for clients with Disability Rights of California, Desert ARC and Eisenhower Hospital
- Provided Training to Desert ARC Staff regarding Self-Advocacy and Rights

Fairview Developmental Center

The CRA continues to provide services in the following areas:

- Investigates alleged client's rights violations and abuse allegations brought to the CRA attention by consumer, family and/or staff
- Attends denial of rights meetings and approves/reviews denial of rights requests
- Assists consumers' requests for release with filing Writs of Habeas Corpus
- Assists consumers with pending court hearings and other legal matters by communicating with attorneys and assisting consumers communicate with attorney and Regional Center (RC) representatives
- Consults with consumers, their families, ID Team and other FDC staff, Deputy Public Defenders and RC representatives regarding rights issues
- Attends Individual Program Plan (IPP) meetings, Transition Support and Review

meetings and special meetings at the request of the consumer, parents, RC representatives, and FDC staff where rights are discussed or to convey consumer concerns

- Reviews all incident reports with recommendations, as warranted
- Reviews FDC policy and procedures
- Provides training and consultation to Orange County Public Defender's Office, District Attorney, and Superior Court, as necessary
- Makes referrals to other advocacy agencies, as necessary
- Provides training on clients' rights and SCDD role in advocacy for FDC staff and new employees
- Provides training for FDC staff and other interested parties, as requested
- Provides Self-Advocacy training to consumers
- Provides technical assistance in filing complaints on behalf of consumers and/or their authorized representatives
- Provides technical assistance in filing Fair Hearings and supports consumers and/or their authorized representatives

In addition to the above, the CRA attended weekly, monthly, and quarterly meetings to help ensure consumer rights were being protected. These meetings are:

- Behavior Supports Committee (BSC)/Human Rights Committee (HRC)
- Bioethics Committee
- SCRP Liaison Meetings
- Fairview Community Association meetings
- Regular meetings with Fairview Executive and Clinical Director

Porterville Developmental Center

The CRA continues to provide services in the following areas:

- Attends Individual Program Plan (IPP) meetings at the request of consumers, parents, regional center staff and Porterville Developmental Center staff where consumer's rights are discussed
- Attends special meetings when issues of consumer's rights arise
- Attends Transition Planning Meetings (TPM) and Transition Review Meetings (TRM)
- Speaks to administration on the behalf of consumers when a right has been denied
- Assist consumers in filing Requests for Release when they state they want to leave Porterville Developmental Center.
- Assists consumers in communicating with the Public Defender's office or communicating with the Public Defender's Office on the consumer's behalf.

- Assists and represents consumers in the Fair Hearing process
- Investigates abuse complaints brought to the CRA's attention by the consumer, family and/or staff.
- Reviews and approves denial of rights requests
- Provides rights and self-advocacy training to consumers and staff
- Discuss and assists family members on clients' rights issues
- Provides training to staff on how to effectively interact with consumers and to use positive reinforcement
- Reviews all proposed policy changes that involve clients' rights issues as a member of PDC Policy Committee
- Provides training to consumers and staff on client's rights, the denial of rights process, and end of life decision making process
- Provides training and consultation to the Public Defender, District Attorney and the Superior Court
- Provide training to the Volunteer Advocates on a monthly basis
- Review all incident reports also known as general event reporting (GER)
- Review all postural and medical supports prescribed in the acute care unit and the skilled nursing unit
- Review restricted access plans

In addition to the above, weekly and monthly meetings were attended to help ensure the protection of consumers' rights. These meetings are:

- Human Rights Committee
- Behavioral Management Committee (reviewed 388 for Highly Restrictive Interventions)
- Member of the Incident Action Team (The CRA reviews facility IR/GER data and can investigate further if a rights issues are indicated).
- Dysphasia Committee
- Bioethics Committee
- Secure Treatment Information Committee
- Intermittent meetings are also held with the Executive Director and Clinical Director where issues are discussed, and resolutions are sought. Meetings are also held with the Program Directors as needed, including Quality Assurance

Sonoma Developmental Center

Sonoma Developmental Center closed on December 18, 2018 when the last resident transitioned to the community. After closure, the CRA served and continues to serve as the CRA of record for the five-bed Northern STAR crisis home during its operation on the Sonoma Developmental Center campus and at its' current location in Vacaville, CA.

CRA provided comprehensive clients' rights advocacy for persons with developmental disabilities who were residents of Sonoma Developmental Center. The CRA participated in various clinical, administrative and staff meetings and committees when clients' rights issues were discussed or when the clients' rights advocate is named as a participant in regulation. This included the following:

- Human Rights Committee
 - Policy Review Committee
 - Whole Person Review Committee (formerly was known, as both Behavioral Intervention Review Committee and the Health Related Restraint Committee)
 - Human Social Sexual Development Committee
 - Bioethics committee
 - Member of the Incident Action Team (In the meeting CRA reviews facility IR/GER data and can investigate further if a rights issue is indicated). This group disbanded as a set daily event in 2015 however, incidents continue to be referred to CRA
-
- CRA trained the clients and staff on civil, personal and service rights three times a month, two times on ICF units and once on an NF unit.
 - CRA had regular contact Executive Director and Clinical Director where issues were discussed, and resolutions were sought.
 - CRA was in regular contact with program managers, social workers and unit supervisors to address any issues that did not require executive action.
 - CRA acted as clients' rights resource to consumers and their families, and to other interested persons or organizations in the community.
 - Investigated and helped resolve rights issues for consumers who were unable to register a complaint on their own behalf.
 - CRA attends Individual Program Plan (IPP) meetings at the request of residents, parents, regional center staff and Developmental Center staff where resident's rights were discussed.
 - Asserted and protected the rights of consumers entering or changing their dwellings, including placement in community care and health care facilities; judicial commitments and/or re-commitments to DDS for placement at DCs/CF; and to assist with filing a Request for Release (Writ of Habeas Corpus)
 - Aided the facility in facilitating Human Rights committees; one addresses human social sexual development on campus and the other facilitates Superior court planning and development. This facility accommodates the Sonoma Superior Court on campus. Presented denial of rights and court attendance data to Human Rights Committee (monthly)

Consumers Served by the Clients' Rights Advocate:

- CRA serves the clients of the Northern STAR Acute Crisis unit.
- CRA was accessible to consumers, including visiting DC/CF service providers, facilities, and residences; attending planning conferences at the invitation of consumers, or their representatives; and participated in self-advocacy groups and conferences.
- CRA provides interim approvals/provides feedback as necessary for emergency request for restrictive interventions and/or medications with the senior psychologist and supervising pharmacist.
- CRA approves and reviews denial of rights requests.
- CRA acted as a liaison between the Superior court and Regional Centers with caseloads at SDC.
- CRA advocated for more participation by consumers in court and after court with the presiding judge and court personnel.
- CRA reviewed restricted access plans.
- CRA studied policies and regulations to keep informed of changing legislation affecting Developmental Centers.
- CRA provides training to residents and staff on end of life decision making and navigating outside hospital policies that differ from DC standards.

CRA covers for the SCDD Volunteer Advocacy Coordinator and assumes his roles and responsibilities in addition to the CRA position when warranted.

Complaints Filed Under Grievance Procedure

Developmental Center	Nature of Complaint	Status of Complaint	Outcome of Complaint
<i>Canyon Springs</i>	None		

<i>Fairview</i>	None		
<i>Porterville</i>	None		
<i>Sonoma</i>	None		

Complaints Filed Under Section 4731 WIC and Section 50540 of Title 17, California Code of Regulations

Developmental Center	Nature of Complaint	Status of Complaint	Outcome of Complaint
<i>Canyon Springs</i>	None		
<i>Fairview</i>	None		
<i>Porterville</i>	None		
<i>Sonoma</i>	None		

Complaints NOT Filed Pursuant to Section 4731 and Section 50540 of Title 17, California Code of Regulations

Developmental Center	Nature of Complaint	Status of Complaint	Outcome of Complaint
<i>Canyon Springs</i>	Client wanted to keep personal cd's/music	Resolved	Meeting held/Client allowed to keep their music cd
	The right to live in the least restrictive environment	Resolved	Meetings held. Advocacy services provided to assist with placement, writ filed
	Client requested to call parent/regional centers/volunteers	Resolved	Parent/regional centers/volunteers notified and called as requested
	Client alleged personal items were taken, misplaced or stolen	Resolved	Investigation conducted; items replaced

	Client requested to wear clothing of choice	Resolved	Client purchased clothing of choice
	Client wanted to work 'off grounds' at work site	Resolved	Meetings held. Client is presently working off grounds.
	Client requested call family/regional center worker	Resolved	Family member/regional center worker called as requested
	Client requested a change in living arrangement (within Canyon Springs)	Resolved	CRA provided advocacy during special meeting. Client was moved as requested.
	Client had no key to own room	Resolved	Work order sent and keys given to client
	Client wanted to attend own court hearing	Resolved	Client participated in court proceedings as requested
	Client wanted access to own monies	Resolved	Trust office schedule was made available. Client currently has access to own money
	Client requested to visit friend	Resolved	Arrangements made for client to visit with friend
	Client requested to go to breakfast earlier than his group schedule	Resolved	Client was offered a different time to go to breakfast with another group
	Client wants to ride bike	Resolved	Client given several opportunities during the day to ride bike
	Client wanted to go to a specific movie	Resolved	Arrangements made. Client attended movie of his choice

	Client didn't want to wear a medical helmet	Resolved	Meeting held. Client was offered different alternatives. Client selected a baseball helmet.
	Client wanted to try a different type of church	Resolved	Alternatives were offered. Client choose a different venue
	Client wanted to roller skate	Resolved	Meeting held. Parent brought roller skates and pads and client roller skated
	Client wanted her hair colored	Resolved	Appointment made. Client got hair colored per her request
	Client wanted to have therapeutic leave off CS grounds	Resolved	Meeting held. Client has off ground visits with family per his request
	Client wanted to purchase a beeper	Resolved	Meeting held. Client decided he would rather purchase a phone. Phone purchased
	Client wanted to change his annual meeting agenda	Resolved	Discussion held. Clients annual review meeting agenda changed per his request
	Client wanted to lose weight	Resolved	Discussions held. Client met with physician who made recommendations
Fairview			
	Occupational Therapists using gloves while doing gait training on numerous occasions with different consumers	Resolved	The CRA has brought up this issue numerous times when meeting with administration. In our discussions with administration, we had been told it was brought to their attention. Issue is resolved.

	There continues to be a majority of un-conserved adult consumers not offered the opportunity to provide their own consent for simple medical procedures and treatment.	Ongoing	FDC administration informed. Individual monitoring continues.
	During a consumer's IPP, consumer's regional center reported they had identified a placement however, it was not an age appropriate placement. His mother/conservator had not been able to participate in the meeting and thus did not know of the identified placement.	Resolved	The CRA spoke with mother/conservator and provided her with assistance. Mother/conservator contacted the Regional Center informing them the family would like a more age appropriate placement option to be identified. An appropriate placement has been identified and a TPM will occur in new fiscal year.

	Consumer who used a waist belt while sleeping was presented to BSC for renewal. It was also a discussion at the TRM. From the presentation it appeared the waist belt was not being used for protection and it could not be used in the identified community facility. A request was made to discontinue its use.	Resolved	A special was held. It was decided one to one supervision would be provided at FDC until consumer was placed as one to one supervision would be provided in the home.
Porterville	Client complained that his denial of rights plan was not being followed and it was too restrictive on certain items	Resolved	CRA reviewed the plan. IDT met to review DOR and made changes that made it less restrictive, with more clarity and put a plan to thoroughly train unit staff. Also, an updated psychological exam was ordered and evaluated by the team.
	Several clients advised that NOC shift checks were disturbing their sleep.	Resolved	Issue was elevated to the Clinical Director and Program Director for resolution.

	Client wanted to change the assigned regional center case manager as she did not find the case manager was fulfilling her duties and following through	Resolved	Client was assisted with writing a request letter to the director of the Regional Center and the CRA forwarded the letter to the director. A new case manager was assigned.
	Client filed a complaint as he was being denied the right to purchase and play certain video games although there was no justification to withhold them from his use	Resolved	CRA assisted the client draft a 4731 complaint which prior to submitting the complaint, the IDT team reconsidered and allowed him use and purchase of the video games.
	A client had concerns regarding developing a therapeutic leave plan after he was admitted to the STA. (previously resided in the GTA)	Resolved	A special was held to discuss successful therapeutic leaves while residing in the GTA which assisted the team in developing a plan now that he resides in the STA.
	While attending a TPM special, the family and IDT felt the provider and Regional Center were rushing a placement for the client who has life threatening SIB.	Ongoing	Several specials were held, and additional cross training provided as well as a longer visit to the home. Additional TPM special or TRM will be held after this reporting period.

<i>Sonoma</i>	Family member of resident stated that there was a lack of communication from SDC regarding community placement transition activities	Resolved	SDC staff communicate transition activity to family of SDC resident. CRA monitored for consistency.
	CRA received complaints that unfamiliar staff were assisting SDC residents causing safety concerns and increases in behavioral episodes for some SDC residents.	Resolved	SDC administration assured CRA that additional training will be provided and familiar staff would be assigned to behavioral unit when needed. CRA monitored.

	• Town Hall meetings	0
	• Governing Body/Executive Committee	4
	• Escort Review meetings	Weekly
	• Handcuff Briefing	7
<i>Sonoma</i>	Executive Director	4
	Administrative	6

Systemic Issues

Canyon Springs Community Facility

The Department of Developmental Services requested through the legislature to include Canyon Springs Community Facility (Senate Bill 175- Developmental Services) in the safety net services for the State of California. This crisis program is called Desert STAR (Stabilization, Training, Assistance, Reintegration). Canyon Springs admitted its first STAR Client in December 2018. Canyon Springs currently has ten (10) beds designated

for this purpose. Census for the Desert Star Program currently is (3) at reporting time. The goal of this crisis program would be to stabilize the individual and return them to a residence in the community as soon as their needs can be safely served. The maximum time an individual would be approved to stay at Canyon Springs through this program would be twelve (12) months with the ability to receive a thirty (30) day extension. The inclusion of the Desert STAR unit in the facility meant increased capacity in other non-STAR units.

Canyon Springs now has a designated Trust Office to handle client accounts on site. The Clients (SSI/SSA) benefits and P&I monies are made available in a timely manner. Clients are still uncertain about their share of cost payments, and this continues to be an unmet need. CRA has met with administration to discuss ways to assist the clients in understanding their personal share of cost payments.

Clients who are transitioning from Canyon Springs has been informed of the following reasons for their delay to the community:

- Client requested to save money for community placement items
- Smoking
- Proposed community placement home is unlicensed
- Apartments are too expensive for some clients and/or located in impoverished neighborhoods
- Availability of work programs

Fairview Developmental Center

Informed consent:

Many un-conserved consumers are deemed unable to sign their own consents even for simple medical procedures and treatment. The CRA notified the Clinical Director at their regular meeting. At a subsequent regular meeting, the Medical Director was invited. The Medical Director indicated discussion should be taking place at the IPP regarding areas where consumers could provide consent and that it should be a standing IPP agenda item. During one meeting, the CRA initiated the ability to consent at an IPP after the team neglected to discuss the ability to give consent. The IDT members including the doctor and consumer voiced their opinions. The consumer was able to indicate areas he felt comfortable making decisions and informed the team of the areas he did not. As a result, the team came to an agreement regarding what decisions could be made by the consumer.

Update: There has not been any other meetings where consumers' ability to consent has been discussed. Advocacy Services would like to see more of these discussions initiated at the IPP to determine individualized ability to provide consent especially as

closure becomes more imminent.

Closure/Consolidation:

Because of the impending closure of FDC, inconsistency of implementation of programs continues to be observed. Increased restraint uses and medication dosage had been noticed due to closure and loss of familiar, veteran staff. Floating and registry staff have been utilized to fill in staff vacancies. The CRA fielded complaints from clients and families about loss of staff while participating in Transition Planning Meetings (TPMs) and Transition Review Meetings (TRMs). The last two months of 2018, there had been a significant number of medication errors being reported. Also, lack of notification of significant incidents to the CRA increased during this reporting period. FDC administration has been kept abreast of the status of the above systemic issue.

Update: FDC administration began implementing increased training for medical staff. Additionally, float and registry staff had been provided more training to address these concerns. Despite these efforts, inconsistency of program implementation continues to be noted in most areas. CRA continues to monitor.

Porterville Developmental Center

Community Placement:

Regional Centers are developing community placement resources for consumers from the general treatment area (GTA) and Secured Treatment Area (STA), as per the ongoing closure process (although the STA is not affected by the closure). Consumers are progressing through program plans and finding that lesser restrictive environments are not readily available, especially now that many of the available openings have been filled. The Regional Centers have the responsibility to create living options that serve the needed supports and services. Frequently, Regional Center staff state that there are limited resources in their areas to place consumers that having challenging behaviors that reside in the GTA or consumers who reside in the STA at PDC. There are consumers in the STA that are ready for placement and are waiting for their Regional Center to find an appropriate lesser restrictive placement.

Update: The proposed date of closure of the GTA is the end of September 2019. This has caused PDC to transition clients from the GTA to the community much sooner than previously expected. Many of the expected community homes are still waiting to be licensed and tentative dates for placement are being set for clients. The focus has been on ensuring that these clients, despite the time constraints, will have all the supports and services they need once they are placed in the community. The CRA/VAS team has been ensuring to have presence at all client TRM's (Transition Review Meetings), and TPM's (Transition Planning Meetings) to ensure that supports and services are addressed and when necessary, that clients are referred for volunteer advocacy services. This has been putting many families/conservators of clients at ease,

specifically when families live far distances away and are not able to visit often. The priority for placement is currently for GTA clients to transition into community homes over STA clients.

Changes to the Secure Treatment Non-Allowable Policy:

Proposed changes to the Secure Treatment Non-Allowable Policy, FB 109 is to be implemented on August 1st, 2019. Clients will have to surrender all gaming consoles, MP3 players and will have to limit their personal media (CD's, DVD's and games) to thirty per client. Consumers have been made aware of the changes and have been advised to prepare by sending their items home with relatives, otherwise they will be put in storage. Many clients disagree with the impending policy and have voiced their opinion that they feel the new policy is a punitive policy that is impeding their right to have access to their personal property. The CRA is actively educating staff and clients that the clients have a right to file an appeal once the property is seized. The CRA is currently assisting clients that will be affected by this policy.

Highly Restrictive Interventions (medications and restraint) and using medications to control behaviors:

The CRA is a member of the Human Rights Committee (HRC) who, in conjunction with the Behavioral Management Committee (BMC), reviews all highly restrictive programs. This committee meets weekly. The Committee continues to focus on least restrictive plans and ensuring that the medication plan has been effective in reducing behaviors. Justification for increasing meds or not to discontinue meds is a common discussion during the committee meeting. HRC requires further justification for medication for verbal aggression. The CRA continues to advocate for less restrictive means and the HRC committee continues to ensure that medication plans are effective and are tailored to each individual.

Sign language and Translation services:

Some clients need a translator on a continual basis in order to achieve IPP goals and objectives. Some clients' families would benefit from a translator for meetings and other events at PDC.

Update: There are several staff identified to provide Spanish translation services. Also, The CRA collaborated with PDC administration to access an outside translation service to assist as needed on campus. A sign language interpreter has also been hired to provide services to the deaf consumers.

STAT Medications:

Part of the monthly HRC meetings is the review of use of STAT medications. Often STAT medications are given after consumers have been in HRIs for four plus hours.

When the CRA inquired why these medications are given after such a long period of time, the HRC chair indicated they have tried to get STAT meds to be given sooner and for them to be prescriptive. However, the CRA was told it is the physician who makes the final decision regarding when STAT meds are to be given. As a result of continued discussions, more teams have sought approval for precursor STAT meds to reduce or eliminate the need for physical HRI's. The CRA was also informed PDC views chemical restraints to be more restrictive than physical restraints.

Update: An informative training: "The Judicious Use of Chemical Restraints in the Developmentally Disabled Population" was held 2/27/2018 which impacted the mindset regarding chemical HRI's. At monthly HRC meetings, the members are noting a decrease in the use of physical HRI's now that physicians are prescribing more precursor STAT medications. The CRA continues to engage in discussions regarding consumers in HRIs for what is considered unnecessary amounts of time.

Use of restraint room for a "quiet room":

When participating in BMC/HRC it was mentioned that the "restraint room" is also being called the "quiet room".

Update: After several vigorous meetings with Program Directors and Quality Assurance staff, modifications are being made to the residences in Program 8 to incorporate separate "quiet rooms" equipped with large bean bag chairs, soothing music, and calming décor. Program 7 has begun modifying their residences to include separate "quiet rooms", however, space is limited. Program 5 has separate activity rooms that serve as their quiet rooms.

Increase in Denial of Rights:

There has been an increase in Denial of Rights with the completion of the Mental Health Intensive Behavior Residence (HM-IBTR) which includes an observation wing to monitor consumers who are on suicide observation. Both Program 7 and Program 8 utilize this observation wing for their consumers.

The CRA worked with Program Management and unit staff regarding policies and procedures. A tour of the unit raised some concerns that were quickly addressed by the Program Director and modifications were made. A facility wide training was provided in conjunction with Quality Assurances regarding the Denial of Rights process and how to correctly fill out the forms.

Update: A training module for Denial of Rights and Fair Hearing process is being developed by the CRA and the HRC chair to train supervisory and lead staff on how to properly complete the Denial of Rights form and what the roles and responsibilities are in a Fair Hearing process. Once completed, the module will be used for training at PIP meetings. The CRA has received increased number of staff requests for CRA consult regarding DOR's for certain issues. The CRA is ensuring that the least restrictive plans

and strategies are being implemented before a denial of rights is considered.

Lack of a less restrictive environment for the female population residing in the Secure Treatment Area:

There continues to be a lack of placement options for the female population at PDC. Currently, there are seventeen female consumers placed on an all-female unit and the remaining four female consumers are placed on two of the behavioral units with males. The all-female unit is structured as a dormitory style where clients share a room with other clients. PDC has six newer units that house up to sixteen consumers each and are equipped with bedrooms and bathrooms for each individual client, however these units only house male consumers. This housing structure allows the client to learn independence and the responsibilities of having an individual room, while residing in a less restrictive environment. Several female consumers have voiced their interest in living in a similar unit and there are several who would be potential candidates for a lesser restrictive environment setting. The issue has been elevated to administration and they are aware of the issue.

New Superior Court Judges:

There has been a recent shift in the local Superior Court judge appointments and PDC client cases are now being heard by new judges that may not have experience, background or knowledge of the needs of the clients. The CRA and VAS have been advocating for the local court judges to visit PDC or to have a “brown bag lunch” training in which judges can become educated on PDC clients’ needs and PDC practices. The recommendation was given to the HRC committee and that has been elevated to the Executive Director.

Sonoma

Lack of familiar staff:

With the continued consolidation towards eventual closure, many veteran SDC staff have left SDC resulting in unfamiliar staff providing direct care to the remaining SDC residents. The unfamiliar staff did not have the knowledge to provide comprehensive cross training with community provider staff. This resulted in some providers needing additional assistance from SDC.

Update: CRA met with SDC Executive Director and the Clinical Director and discussed concerns about unfamiliar staff assisting SDC residents. Familiar staff would participate in cross training. Additional training would be provided registry staff assigned to behavioral units. CRA attends individual meetings for both ICF and NF clients. CRA provides extended client history during these meetings and encourages extended cross training for individuals who experience transition harder than others.

The closure process was completed on December 17, 2018 when the last SDC resident was placed in the community. In May 2019, Northern STAR moved to a home in Vacaville with two residents. On May 28, 2019, one STAR resident was placed in the community. On June 19, 2019, an individual was placed at Northern STAR.

CRA continues to provide services to the residents of the Northern STAR.

Service and Policy Recommendations

Canyon Springs

Clients who have been identified by their ID Teams to be transitioned into the community are still residing at the facility. Due to pending closures of other Developmental Centers, some Regional Centers have stated that there are insufficient placements at this time for all clients deemed ready for transition. Canyon Springs could partner with the client's Regional Centers to plan transitioning to lesser restrictive environments. Canyon Springs could also restart the Regional Project Liaison Meetings to meet and discuss these issues.

Fairview

As mentioned in previous annual reports, we continue to believe additional provisions for the CRA to follow consumers once placed in the community should be implemented so that seamless advocacy would be provided. The VAS project follows individuals for one-year post placement. However, not all FDC consumers receive VAS services. We still believe many consumers and their family would benefit from independent advocacy once placement in the community has occurred, particularly if there are ongoing placement issues. Southern STAR will continue to provide crisis services. We feel CRA services should continue for the Southern STAR consumers as well.

Porterville

The CRA and Advocacy services continues to recommend increased client attendance at IPP's, Transitional IPP's, and court. During these meetings, staff will provide a reason is given if a client is not present. The CRA recommends continuing communication with court officials, the District Attorney and Public Defenders Offices between PDC, Porterville Regional Project, CRA, and Regional Centers.

The CRA recommends that a collaborative partnership be established with PDC and the local judicial system for better coordination and processing of client cases. It is recommended that PDC educate the judicial officers regarding PDC practices and on PDC consumer needs.

CRA will continue to foster open communication with Administration, Program Directors, and staff regarding Denial of Rights, Highly Restrictive Interventions and client protections.

CRA recommends that PDC to continue providing formal training on policies, procedures, rules, and regulations pertaining to the use of highly restrictive interventions (medications, STAT medications, and physical interventions) and the changing trends.

CRA recommends that client's rights training be given to all STA unit staff to understand how client's rights relate to STA policies.

Sonoma

Development Centers should make sure that resident's service rights are protected such as day programming services and community integration opportunities prior to transition to the target community. Seamless transition occurs when all IPP service and supports are in place prior to transition.

CRA recommends a policy to have medical and dental services are identified before a Developmental Center resident is placed in the community.

Clients Rights:

- M** To keep and be allowed to spend one's own *money* for personal and incidental needs.
- V** To see *visitors* each day
- C** To keep and wear one's own *clothing*.
- T** To have reasonable access to *telephones*, both to make and receive confidential calls, and to have calls made for one upon request.
- L** To mail and receive unopened correspondence and to have ready access to *letter* writing materials, including sufficient postage.
- P** To keep and use one's own personal *possessions*, including toilet articles.
- S** To have access to individual *storage* space for one's private use.

Good Cause for Denial:

- I** Exercise of specific right would be *injurious* to the client; or
- O** There is evidence that if the rights is not denied the client's exercise of it would seriously infringe upon the rights of *others*; or
- D** The institution or facility would suffer serious property *damage* if the right is not denied.
